

**Tutoring / Mentoring Program**  
**12/01/07**

# Mission Statement

---

To create a brighter tomorrow by being mentors, advisors, and examples to our children today, and aid them with a skill set that includes youth education, sports, and character building principles that will enable them to achieve their full potential.”

# About Us

Next Level Youth, a New Jersey non-profit corporation, was founded in 2006 upon the principles of youth education and development. We are a dedicated and concerned group of parents and professionals, who have collectively taken responsibility to guarantee that our children's futures are full of promise and opportunity. In addition to working with the children, we reach out to include family, friends and concerned community members in this growth process as it is within the scope of our objectives to develop a nurturing environment for all to learn and grow.

We incorporate youth education and athletics as a basis of focus to educate our children in the area of social growth, academic achievement, business awareness, and overall character building principles. We are deeply committed to empowering our youth so that they will have the tools and resources necessary to achieve their goals. We thank you for your interest in our future and in the ongoing development of our youth.

# Tutoring / Mentoring Program

---

## The program

**We want to put children, whether they are struggling academically, socially, or both into close consistent proximity with adult role models, mentors, and educators. Although we're targeting at risk children, our program is open to all.**

# Tutoring / Mentoring Program

---

## Our Goal

**To keep kids away from drugs, alcohol, gangs and other negative activities. To help them understand that there are other positive alternatives in life. We also want to see participants in the program improve/excel academically.**

# Program Outline

- **Open to boys and girls grades 3- 10**
- **Phase one will support 25 students**
- **We meet Tuesdays and Thursdays, 6:30- 9:00 at the Grace Norton Rogers School, Hightstown NJ**
- **We are supported by the East Windsor Regional School District**
- **Our focus is homework completion, NJ ASK preparation, and general skill building.**
- **We also include guest speakers and recreation time**
- **Students who are doing well academically are encouraged to participate in special projects.**
- **Field Trips are planned**

# What Do We Need?

---

**Tutors!**

## How Can You Help?

---

If you're a high school student, current/former teacher, teacher's assistant, or someone who feels like they can make a positive contribution, please contact us. A full time commitment is not required, you can participate twice a week or twice a month, we're very flexible. For more information please contact **Eugene Lambert, (609) 672-1014**, or feel free to stop by the School on any Tuesday/Thursday night. We'll be in the Multi-purpose room and we look forward to seeing you.
