

ORDINANCE 2018-23

BOROUGH OF HIGHTSTOWN
COUNTY OF MERCER
STATE OF NEW JERSEY

AN ORDINANCE AMENDING AND SUPPLEMENTING SUBSECTION 25-10, ENTITLED “MAINTENANCE AND REPAIR,” OF SECTION 25, “STORMWATER CONTROL,” OF THE “REVISED GENERAL ORDINANCES OF THE BOROUGH OF HIGHTSTOWN, NEW JERSEY.”

WHEREAS, the Borough of Hightstown (the “Borough”) maintains an MS4 New Jersey Pollutant Discharge Elimination System (NJPDES) Stormwater Permit (the “Stormwater Permit”); and

WHEREAS, the Stormwater Permit must remain in compliance each year; and

WHEREAS, as of January 1, 2018, the New Jersey Department of Environmental Protection (the “NJDEP”) updated and issued new requirements that the Borough must adhere to in order to comply with the Annual Permit Recertification; and

WHEREAS, the Borough is required to develop, update, implement, and enforce a program to ensure adequate long-term cleaning, operation, and maintenance of stormwater facilities not owned or operated by the Borough; and

WHEREAS, at the recommendation of the Borough Engineer, and in order to remain in compliance with the Stormwater Permit, the Hightstown Borough Council has agreed to modify the existing language of certain provisions currently contained within the Borough Code.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Borough Council of the Borough of Hightstown, in the County of Mercer and State of New Jersey, as follows:

Section 1. Subsection 25-10, entitled “Maintenance and Repair,” of Section 25 “Stormwater Control,” of the “Revised General Ordinances of the Borough of Hightstown,” is hereby amended and supplemented in the following respects (additions are shown with underline, deletions are shown with ~~strikeout~~):

Section 25 STORMWATER CONTROL

25-10. Maintenance and Repair

A. Applicability

1. Projects subject to review as in Section 1.C of this ordinance shall comply with the requirements of Sections 10.B and 10.C.

B. General Maintenance

1. The design engineer shall prepare a maintenance plan for the stormwater management measures incorporated into the design of a major development.
2. The maintenance plan shall contain specific preventative maintenance tasks and schedules; cost estimates, including estimated cost of sediment, debris, or trash removal; and the name, address, and telephone number of the person or persons responsible for preventative and corrective maintenance (including replacement). Maintenance guidelines for stormwater management measures are available in the New Jersey Stormwater Best Management Practices Manual. If the maintenance plan identifies a person other than the developer (for example, a homeowners' association) as having the responsibility for maintenance, the plan shall include documentation of such person's agreement to assume this responsibility, or of the developer's obligation to dedicate a stormwater management facility to such person under an applicable ordinance or regulation.
3. Responsibility for maintenance shall not be assigned or transferred to the owner or tenant of an individual property in a residential development or project, unless such owner or tenant owns or leases the entire residential development or project.
4. If the person responsible for maintenance identified under Section 10.B.2 above is not a public agency, the maintenance plan and any future revisions based on Section 10.B.7 below shall be recorded upon the deed of record for each property on which the maintenance described in the maintenance plan must be undertaken.
5. Preventative and corrective maintenance shall be performed to maintain the function of the stormwater management measure, including repairs or replacement to the structure; removal of sediment, debris, or trash; restoration of eroded areas; snow and ice removal; fence repair or replacement; restoration of vegetation; and repair or replacement of nonvegetated linings.
6. The person responsible for maintenance identified under Section 10.B.2 above shall maintain a detailed log of all preventative and corrective maintenance for the structural stormwater management measures incorporated into the design of the development, including a record of all inspections and copies of all maintenance-related work orders.

7. The person responsible for maintenance identified under Section 10.B.2 above shall evaluate the effectiveness of the maintenance plan at least once per year and adjust the plan and the deed as needed.
8. The person responsible for maintenance identified under Section 10.B.2 above shall retain and make available, upon request by any public entity with administrative, health, environmental, or safety authority over the site, the maintenance plan and the documentation required by Sections 10.B.6 and 10.B.7 above.
9. The requirements of Sections 10.B.3 and 10.B.4 do not apply to stormwater management facilities that are dedicated to and accepted by the Borough.
10. For all stormwater management facilities not dedicated to the Borough, a two year maintenance guarantee for maintenance and repair of the stormwater management facility shall be submitted to the Borough in accordance with N.J.S.A. 40:55D-53. The maintenance guarantee shall be in addition to the submission of performance and maintenance guarantees required for subdivisions and site plans.
11. ~~In the event that the stormwater management facility becomes a danger to public safety or public health, or if it is in need of maintenance or repair, the Borough shall so notify the responsible person in writing. Upon receipt of that notice, the responsible person shall have fourteen (14) days to effect maintenance and repair of the facility in a manner that is approved by the municipal engineer or his designee. The Borough, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause. If the responsible person fails or refuses to perform such maintenance and repair, the Borough may immediately proceed to do so and shall bill the cost thereof to the responsible person.~~

The owner of a private stormwater facility is required to inspect the facility after each major storm event and perform any maintenance and/or repairs that may be required, in addition to routine mowing and removal and disposal of accumulated debris from the facility. The owner shall file a report with the Borough annually which provides its inspection dates (which shall be performed quarterly), and any action(s) taken to rectify any condition(s) found. The Borough shall inspect the facility once per year at the cost of the property owner, which cost shall be based upon the actual costs incurred by the Borough in performing the inspection. The Borough shall also maintain a log and map to demonstrate compliance with maintenance requirements and shall document any actions taken by the Borough to enforce compliance. If inspection reveals that maintenance has not been maintained by the owner of the stormwater facility, then the Borough Official will issue an order to correct the deficiency within 30 days. If the deficiency is not

corrected within 30 days, the Borough will correct the deficiency and recover the cost under the Property Maintenance Section of the Borough Code (Section 14-12). The Borough, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause as approved by the Borough Engineer or his/her designee.

C. Nothing in this section shall preclude the Borough in which the major development is located from requiring the posting of a performance or maintenance guarantee in accordance with N.J.S.A. 40:55D—53.

Section 2. This Ordinance shall become effective immediately upon final passage and publication in accordance with the law.

Section 3. All other Ordinances or parts of Ordinances inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 4. In the event that any portion of this Ordinance is found to be invalid for any reason by any Court of competent jurisdiction, such judgment shall be limited in its effect only to that portion of the Ordinance actually adjudged to be invalid, and the remaining portions of this Ordinance shall be deemed severable therefrom and shall not be affected.
