Honorable Mayor and Members  
of the Borough Council  
Borough of Hightstown  
County of Mercer, New Jersey

The Annual Financial Report for the Borough of Hightstown, County of Mercer, State of New Jersey, for the year ended December 31, 2019 is submitted herewith and includes financial statements and supplemental schedules. I believe it is accurate in all material respects; that it is presented in a manner designated to set forth fairly the financial position and results of operations of the Borough of Hightstown as measured by the financial activity of its various funds and account groups; and that all disclosures necessary to enable the reader to gain an understanding of the Borough's financial affairs have been included.

The Annual Report is presented in five (5) sections: Introductory, Financial, Supplementary and Statistic Data, Single Audit and Auditor's Comments and Recommendations. The Introductory Section includes this transmittal letter. The Financial Section includes the annual financial statements and individual fund financial schedules, as well as the independent auditor's report. The Supplementary and Statistical Data Section includes selected financial detailed schedules. The fourth and final section is prepared by the Independent Auditor and contains their required annual comments and recommendations, if any, to the Mayor and Council. The Mayor and Council are required to adopt a plan of action on the implementation of any audit recommendations. Responsibility for completeness and clarity of the report, including disclosures, rests with the Chief Financial Officer and, ultimately, with the Mayor and Council.

The financial statements have been audited by Gerard Stankiewicz, Certified Public Accountant, Registered Municipal Accountant of Samuel Klein and Company, Freehold, New Jersey, independent certified public accountants whose opinion is expressed in the Financial Section. Please note that the auditor's report is unmodified and states that the financial statements are presented fairly in conformity with the basis of accounting as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

## PRESENT AND FUTURE CHALLENGES

The Borough operates two (2) distinct funds for the benefit of its tax and utility rate payers.

### Current Fund

The Current Fund, which finances most of the operational areas of our local government, had total revenues of \$8,106,492.56 exclusive of fund balance and total expenditures of \$7,801,317.21 and a Fund Balance decrease of \$431,602.07 as of December 31, 2019. The following schedule summarizes revenues and expenses for 2019 and 2018.

Planning for the budget begins late in the preceding year and is further developed by the Chief Financial Officer, Deputy Chief Financial Officer and the Borough Administrator in conjunction with the Governing Body. In addition, the Capital Budget is reviewed annually in accordance with the budget law.

The Borough operates a Water-Sewer Utility. The utility is separate budgetary entity that allows for the segregation of the revenue and expenses related to the function. The utility is under the operational control of the Mayor and Council. The Borough provides a sewer collection system as well as a treatment plant to the residents for sewerage flow.

**Water-Sewer Utility Fund**

The Water-Sewer Utility serves the entire Borough, which encompasses 1923 accounts, of which approximately 98 are commercial. Revenues exclusive of fund balance were \$2,952,943.46 and expenditures were \$2,962,325.72, fund balance decreased \$9,382.26. The Water-Sewer Utility Fund was considered to be self-liquidating for 2019 and, as a result, the Fund’s debt is not factored into the Borough’s net debt. The following schedule summarizes revenues and expenses for 2019 and 2018.

	<u>2019</u>	<u>2018</u>	<u>Increase/(Decrease)</u>

## **MAJOR ACTIVITIES AFFECTING BUDGET/FINANCIAL CONDITIONS**

The Borough of Hightstown encompasses 1.2 square miles. The Borough is a fully developed mature community comprised of mostly residential dwellings.

The Borough Council has, in recent years, become aggressive in their Capital Program of improvements. The Borough, annually, has appropriated monies for Parks and Recreation Equipment, Roadway Resurfacing and Improvements to the Infrastructure.

## **PROSPECTS FOR THE FUTURE**

The 2020 Municipal Budget as adopted reflects a rate of \$1.352 representing an increase from the prior year in the Local Purpose Tax Rate. The 2020 Budget as adopted will have increase of 2.4¢, to \$1.352 and appropriations will decrease \$70,974.10 or .99%.

In 2019, the Borough is continuing a several year plan of beautifying the downtown area. In addition, park improvements are in process using a combination of grants and local funds.

## **LOCAL INITIATIVE EVENTS**

Major infrastructure improvements were undertaken in a number of areas including:

- Road resurfacing and intersection improvements with local funds as well as a variety of other governmental sources to reduce the local financial burden of such work. Being a crossroads community in such a busy part of the region, Hightstown has an unusually large infrastructure renewal burden for a community our size. By taking advantage of multiple sources and continuing to maintain our existing programs, Hightstown is responsibly tending to the transportation needs of our citizens and visitors.
- Improvements to the Borough's parks and recreational facilities continue.
- Various equipments are being purchased for all departments in order to provide a better level of service to the residents.
- Improvements to Sunset Avenue and North Main Street, partially funded by the NJDOT, were completed in 2019.
- The Governing Body is in constant pursuit of grants from the federal, state and county governments in order to improve the Borough at minimal cost to the local residents.
- The Governing Body adopted a bond ordinance to acquire the old YMCA to renovate and become the Borough Hall.
- Efforts are continuing to bring the redevelopment area to some conclusion.
- The Borough utilizes the NJ I-Bank (*formerly the NJEIT*) to finance environmental projects. The I-Bank utilizing federal and state funds offers financing at favorable rates.

### **LOCAL INITIATIVE EVENTS (CONTINUED)**

- The Borough has substantially completed treatment plant improvements in the form of an ultraviolet disinfected system which is expected to reduce chemical costs. Water main and sewer main improvements are ongoing.
- The Borough has entered Interlocal/Shared Service Agreement for various services, all of which result in savings for the taxpayers: Garbage and Trash Removal, Municipal Court, Police Dispatcher, Senior Transportation, Health Services, EMS Service and Vehicle Maintenance.

### **LOCAL ECONOMIC EVENTS**

For 2019 the Borough continued to demonstrate important indicators of continued financial strength as follows:

- A Current Fund fund balance of \$745,724.44 a decrease of \$431,602.07 or 36.66%, caused primarily by interfund advance charges to fund balance all of which were recovered in 2020.
- The Borough has continued to maintain an excellent credit rating. Presently, the Borough's latest (August 2018) bond rating is "A1" by Moody's Investor's Services.

During 2019, total real estate tax revenues increased by \$204,519.19 or 3.80% to \$5,512,941.38. The current collection rate (cash basis) of real estate tax revenue (an important indicator of fiscal health) was 98.51% in 2019 and has averaged 98.46% for the prior three years. Although the Borough has maintained a stable collection rate, certain taxpayers were unable to remit their taxes on a current basis.

Revenues from other sources remained relatively flat in 2019 and the Borough has not experienced any major growth in development. Assessed values have increased slightly in the past year, approximating \$393,687,820.00. Consequently, any increased costs for operations must be funded by increases in real estate taxes.

The last revaluation was completed and effective for 2009 and a reassessment was done in 2013 and the current assessed valuation is at approximately 96.62% of full estimated valuation.

### **CASH MANAGEMENT**

The Borough invests all surplus funds for appropriate periods of time as determined by the Chief Financial Officer. During 2019, funds were deposited in interest bearing accounts.

### **DEBT ADMINISTRATION**

The current outstanding net debt of the Borough is \$8,391,106.93 which represents 1.946% of its average equalized value. Debt Service appropriations for 2019 were \$1,415,701.52 for both Borough funds.

## RISK MANAGEMENT

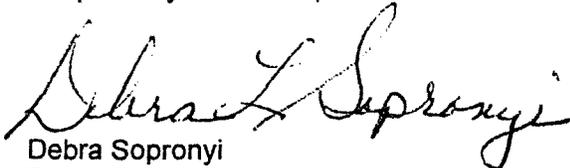

The Borough is a member of the Statewide Joint Insurance Fund along with the Statewide Municipal Excess Liability Joint Insurance Fund, Municipal Excess Liability Residual Claims Fund and Environmental Joint Insurance Fund. The Borough is well insured. These funds provide professional risk management, legal defense, loss prevention, claims management and actuarial services and are regulated by the New Jersey Department of Insurance.

The Borough is a member of the New Jersey State Health Benefits Program.

## ACKNOWLEDGMENTS

The preparation of this report on a timely basis could not be accomplished without the help and dedicated services of the entire staff of the Finance Department and the Administration of the Borough.

Respectfully submitted,

Debra Sopronyi

## INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members  
of the Borough Council  
Borough of Hightstown  
County of Mercer  
State of New Jersey

To the Honorable Mayor and Members of the Borough Council:

### Report on the Financial Statements

We have audited the financial statements – regulatory basis of the various funds and account groups of the Borough of Hightstown, County of Mercer, State of New Jersey as of December 31, 2019, and the related statement of operations and change in fund balance – regulatory basis for the year then ended, the related statement of revenues – regulatory basis, statement of expenditures – regulatory basis, and the related notes to the financial statements for the year then ended.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements – regulatory basis, in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("the Division"); this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements – regulatory basis, based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and auditing standards prescribed by the Division of Local Government Service, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

**INDEPENDENT AUDITORS' REPORT**  
**(CONTINUED)**

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statements – regulatory basis, the financial statements are prepared by the Borough on a basis of the financial reporting provisions of the regulatory basis of the accounting and budget laws of the Division of Local Government Services, Department of Community Affairs, State of Jersey which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matters discussed in the "Basis for Adverse Opinion on the United States Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Hightstown, County of Mercer, State of New Jersey as of December 31, 2019, and change in financial position or cash flows thereof for the year then ended.

**Basis for Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")**

As discussed in Note 1, the financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited, and we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Borough's financial statements. The LOSAP financial activities are included in the Borough's Trust Fund, and represent 43.18% and 42.84% of the assets and liabilities, respectively, of the Borough's Trust Funds as of December 31, 2019 and 2018.

**Disclaimer of Opinion on Length of Service Award Program Fund ("LOSAP")**

Due to the fact that we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Borough's financial statements, we do not express an opinion of the LOSAP financial statements.

**Opinion on Regulatory Basis of Accounting**

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP financial statements been audited, the financial statements referred to above present fairly, in all material respects the financial statements – regulatory basis of the various funds and account groups of the Borough of Hightstown, County of Mercer, State of New Jersey, as of December 31, 2019, and the results of its operations and change in fund balance of such funds – regulatory basis for the year then ended, and the revenues – regulatory basis, expenditures – regulatory basis of the various funds and account groups for the year ended December 31, 2019 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements of the Borough of Hightstown, County of Mercer, New Jersey. The information included in Supplementary Fund and Account Schedules as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Hightstown, County of Mercer, New Jersey. The information included in Supplementary Fund and Account Schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements – regulatory basis taken as a whole.

The information contained Supplementary and Statistical Data have not been subjected to auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion, or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 4, 2021, on our consideration of the Borough of Hightstown's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Hightstown's internal control over financial reporting and compliance.

**INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members  
of the Borough Council  
Borough of Hightstown  
County of Mercer  
State of New Jersey

To the Honorable Mayor and Members of the Borough Council:

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("the Division"), the financial statements – regulatory basis of the Borough of Hightstown (herein referred to as "the Borough"), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Borough's financial statements – regulatory basis, and have issued our report thereon dated June 4, 2021. Our report expressed a modified opinion on the financial statements in conformity with this regulatory basis because we did not audit the Length of Service Award Program (LOSAP). Our report also expressed a modified opinion because of the departure from accounting principles generally accepted in the United States of America as disclosed in Note 1.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements – regulatory basis, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements - regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control and compliance, accordingly, this communication is not suitable for any other purpose.

**NOTES TO FINANCIAL STATEMENTS**

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The Borough of Hightstown is located in the eastern portion of Mercer County, New Jersey, 16 miles west of Trenton and approximately 51 miles south of New York City and 48 miles North of Philadelphia. The population, according to the 2010 census, is 5,494.

The Borough of Hightstown operates under the Borough form of government. The governing body consists of a Mayor and six Council members. All action is passed by a majority or, when required, a 2/3 vote of Council. The Mayor votes only in the event of a tie. The Mayor has veto power over all ordinances passed by the Borough Council. This veto can be overridden by a two-thirds (2/3) vote of the Council.

The financial statements of the Borough of Hightstown, County of Mercer, New Jersey (the "Borough"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Borough as required by N.J.S. 40A:5-5. The financial statements of the Borough do not include the operations of the Board of Education, First Aid organization or Fire Company which are subject to separate audits.

The Governmental Accounting Standards Board ("GASB") Statement 14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of the Borough, by statute or other directive, report separately on their financial statements. The Borough had no component units during 2019.

**B. Descriptions of Funds**

The GASB is the recognized standard-setting body for establishing governmental generally accepted accounting and financial reporting principles. GASB Codification establishes seven major fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles ("GAAP").

The accounting policies of the Borough conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differs from the fund structure required by GAAP:

**Current Fund** - revenues and expenditures for governmental operations of a general nature, including Federal and State grant funds.

**Animal Control Trust Fund** - animal license revenues and expenditures.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**B. Descriptions of Funds** (Continued)

**Other Trust Fund** - sundry deposits held for satisfactory completion of specific work; receipts and disbursements for dedicated purposes.

**General Capital Fund** - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

**Water-Sewer Utility Operating Fund** - revenues and expenditures necessary to operate municipally-owned water supply and sewer collection systems from user fees.

**Water-Sewer Utility Capital Fund** - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of water-sewer capital facilities, other than those acquired through the Water-Sewer Utility Operating Fund, including the status of bonds and notes authorized for said purposes.

**Capital (General Fixed) Assets Account Group** - used to account for fixed capital assets used in general government operations.

**C. Basis of Accounting**

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

**Property Taxes and Other Revenues** - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

**Grant Revenues** - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

**Expenditures** - unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**C. Basis of Accounting** (Continued)

**Encumbrances** - contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

**Appropriation Reserves** - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**Deferred Charges** - the regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2019 is set forth in Note 4.

**Deferred Charges to Future Taxation Funded and Unfunded**

Upon the authorization of capital projects, the Borough establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

**Compensated Absences** - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as expenditure in the Current Fund and the remaining obligations be recorded as a long-term obligation. The expenditures in the Water-Sewer Utility Operating Fund would be on a full accrual basis. The compensated absence liability at December 31, 2019 is set forth in Note 4.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**C. Basis of Accounting** (Continued)

**Property Acquired for Taxes** - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at its market value.

**Sale of Municipal Assets** - Cash proceeds from the sale of Borough owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

**Interfunds** - advances in the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires that the cost of inventories be reflected on the balance sheet until utilized and expended.

**Capital (General Fixed) Assets** - In accordance with the Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division, which differs in certain respects from GAAP, the Borough has developed a fixed assets accounting and reporting system based on an inspection and historic cost analysis.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Depreciation is not recorded in the General Fixed Assets Account Group.

Expenditures for construction in progress are required to be recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**C. Basis of Accounting** (Continued)

**Utility Fixed Assets** - Accounting for utility fund "fixed capital" remains unchanged under the Requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Water-Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements.

Property and equipment of the Water-Sewer Utility Fund are not depreciated. Principal payments for Water-Sewer Utility debt are recorded as expenditures in the Water-Sewer Utility Statement of Operations.

**Volunteer Length of Service Award Plan (LOSAP)** - The Borough has established a volunteer Length of Service Award Plan ("LOSAP")("Plan") to ensure retention of the Borough's volunteer fire department. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "Length of service award plan under section 457(e)11 of the Internal Revenue Code". The LOSAP financial statements have not been nor are they required to be audited.

**D. Total Columns on Combined Balance Sheet for all Funds** - Supplementary and Statistical Data - Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**E. Financial Statements**

The GASB Codification requires the financial statements of a governmental unit to be presented in accordance with GAAP. The Borough presents its financial statements in accordance with an other comprehensive basis of accounting as promulgated by the Division which differs from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

**F. Budgets and Budgetary Accounting**

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the Division in accordance with applicable statutes.

**G. Subsequent Event**

Management has reviewed and evaluated all events and transactions from December 31, 2019 through June 4, 2021, the date that the financial statements are issued for possible disclosure and recognition in the financial statements, and no items have come to the attention of the Borough that would require disclosure, with the exception of the Coronavirus Pandemic. Refer to Note 15 Subsequent Event.

**H. Other Accounting Standards**

The Borough is currently reviewing the following for applicability and potential impact on the financial statements:

- *GASB Statement No. 83. Certain Asset Retirement Obligations.* This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2019. The Borough does not expect this Statement to impact its financial statements.

- *GASB Statement No. 84. Fiduciary Activities.* This objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify component units and postemployment benefit arrangements that are fiduciary activities.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The Borough does not expect this Statement to impact its financial statements.

- *GASB Statement No. 87.* The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

**H. Other Accounting Standards** (Continued)

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. The Borough does not expect this Statement to impact its financial statements. Earlier application is encouraged.

- *GASB Statement No. 88. Certain Disclosures Related to Debt, including Borrowings and Direct Placements.* The primary objective of this Statement is to improve the information and is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2019. The Borough does not expect this Statement to impact its financial statements. Earlier application is encouraged.

- *GASB Statement No. 89. Accounting for Interest Cost Incurred Before the End of a Construction Period.* The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The Borough does not expect this Statement to impact its financial statements.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged. The requirements of this Statement should be applied prospectively. The Borough does not expect this Statement to impact its financial statements.

- *GASB Statement No. 90. Majority Equity Interests – an Amendment of GASB Statements No. 14 and No. 61.* The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

**H. Other Accounting Standards** (Continued)

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The Borough does not expect this Statement to impact its financial statement.

- *GASB Statement 91. Conduit Debt Obligations.* The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged. The Borough does not expect this Statement to impact its financial statement.

- *GASB Statement 92. Omnibus 2020.* The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

Effective Date: The requirements of this Statement are effective as follows:

(a) The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance.

(b) The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 are effective for fiscal years beginning after June 15, 2021.

(c) The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2021.

(d) The requirements related to the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2021.

Implementation has been postponed to June 15, 2021. The Borough does not expect this Statement to impact its financial statement.

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**H. Other Accounting Standards** (Continued)

- *GASB Statement 93. Replacement of Interbank Offered Rates.* The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR) – most notably, the London Interbank Offered Rate (LIBOR).

Effective Date: The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged. The Borough does not expect this Statement to impact its financial statement.

- *GASB Statement 94. Public-Private and Public-Public Partnerships and Availability Payment Arrangements.* The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

Effective Date: The requirements of this Statement are effective for fiscal years beginning after June 15, 2022 and all PPPs should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or if applicable to earlier periods, the beginning of the earliest period restated). Implementation has been postponed to June 15, 2021. The Borough does not expect this Statement to impact its financial statement.

- *GASB Statement 95. Postponement of the Effective Dates of Certain Authoritative Guidance.* The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2019 and later.

Effective Date: The requirements of this Statement are effective immediately. The Borough does not expect this Statement to impact its financial statement.

- *GASB Statement 96. Subscription-Based Information Technology Arrangements.* This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended.

**NOTE 2. CASH AND CASH EQUIVALENTS**

**A. Deposits**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

At year-end the carrying amount of the Borough's deposits was \$3,734,033 and the book balance amount was \$2,042,102. Of this amount \$250,000 was covered by federal depository insurance and a collateral pool under New Jersey's Governmental Unit Deposit Protection Act covered the remaining \$3,484,033.

**B. Investments**

1. When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, the Borough may use available funds for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the Borough:
  - (a) Bonds or other obligations of the United States or obligations guaranteed by the United States.
  - (b) Government money market mutual funds.
  - (c) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
  - (d) Bonds or other obligations of the Borough, or bonds or other obligations of school districts of which the Borough is a part or within which the school district is located.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 2. CASH AND CASH EQUIVALENTS (Continued)**

**B. Investments** (Continued)

- (e) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investments, New Jersey Department of the Treasury.
  - (f) Municipal investment pools.
  - (g) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c. 281; or
  - (h) Agreements for the repurchase of fully collateralized securities, if:
    - (1) the underlying securities are permitted investments pursuant to paragraphs (a) and (c) of this section;
    - (2) the custody of collateral is transferred to a third party;
    - (3) the maturity of the agreement is not more than 30 days;
    - (4) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c. 236 (C.17:9-41);
    - (5) a master repurchase agreement providing for the custody and security of collateral is executed.
2. Any investment instruments in which the security is not physically held by the Borough shall be covered by a third party custodial agreement, which shall provide for the designation of such investments in the name of the Borough and prevent unauthorized use of such investments.
3. Investments are further regulated and restricted in accordance with N.J.S. 40A:5-15.1.

At year-end, the carrying value of the Borough's investments and the investment balance was \$ - 0 -.

**C. Cash Management Plan**

In accordance with N.J.S. 40A:5-14, every municipality shall adopt a cash management plan and shall deposit and invest its funds pursuant to that plan. The plan shall be approved annually by majority vote of the governing body and may be modified from time to time in order to reflect changes in federal or state law or regulations. The chief financial officer shall be charged with administering the plan.

When an investment in bonds maturing in more than one year is authorized, the maturity of those bonds shall approximate the prospective use of the funds invested.

The plan also requires a monthly report to the governing body summarizing all investments made or redeemed since the previous report and shall include, at a minimum, the specific detailed information as set forth in the statute.

**D. Credit Risk Categories**

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following three categories described below:

Category 1	Deposits covered by federal depository insurance, or by collateral held by the Borough or its agent, in the Borough's name.	\$ 3,734,633
Category 2	Deposits covered by collateral held by the pledging financial institution's trust department, or by its agent, in the Borough's name.	None
Category 3	Deposits covered by collateral, held by the pledging financial institution, or its trust department, or its agent but not in the Borough's name.	None

**NOTE 3. ASSESSMENT AND COLLECTION OF PROPERTY TAXES**

New Jersey statutes require that taxable valuation of real property be prepared by the Borough Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the "Board") by January 10 of the following year. Upon the filing of certified adopted budgets by the Borough, Regional School District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Borough Tax Collector (the "Collector") on or before May 13th.

Tax bills are prepared then mailed by the Collector of the Borough annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Borough granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

Prepaid Taxes	\$ 98,453.99	\$ 118,563.51

**NOTE 7. DEBT**

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds, in anticipation of which such notes were issued, be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

Description of Systems

Substantially all of the Borough's full-time employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Pension Fund (PFRS).

Public Employees' Retirement System

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Comprehensive Annual Financial Report (CAFR), which can be found at <http://www.nj.gov/treasury/pensions/financial-reports.shtml>.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after twenty-five (25) years of service or under the disability provisions of PERS.

Public Employees' Retirement System (Continued)

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reach the service retirement age for the respective tier.

Police and Firemen's Retirement System

The State of New Jersey, Police and Firemen's Retirement System (PFRS) is a cost-sharing multiple-employer defined benefit plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PFRS, please refer to Division's Comprehensive Annual Financial Report (CAFR), which can be found at <http://www.nj.gov/treasury/pensions/financial-reports.shtml>.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefit. All benefits vest after ten years of service, except disability benefits, which vest after four years of service.

The following represents the membership tiers for PFRS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Contributions Required to be Made

The contribution policy for PERS is set by N.J.S.A. 43:15A and for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Employee contributions for 2019 were seven and 50/100th percent (7.50%) for PERS and 10% for PFRS of the employee's base wages.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 8. PENSION PLANS (Continued)**

Contributions Required to be Made (Continued)

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 an option for local employers of PERS and PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The Borough's contributions to the plan for the past three (3) years are as follows:

	PERS		
	2019	2018	2017
Covered Payroll	\$ 1,656,554	\$ 1,650,745	\$ 1,587,077

Actuarial Assumptions

The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which rolled forward to June 30, 2019. This actuarial valuation used the following assumptions:

Inflation	2.75 Percent
Salary Increases:	
Through 2026	2.00 – 6.00 Percent (based on years of service)
Thereafter	3.00 – 7.00 Percent (based on years of service)
Investment Rate of Return	7.00 Percent

Mortality Rates:

Pre-retirement mortality rates were based on the Pub-2000 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2017 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates; the larger the impact on future financial statements.

Long-Term Rate of Return:

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2019 are summarized in the following table:

Discount Rate:

The discount rate used to measure the total pension liability was 6.28% as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2019 based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

(1) Special Funding Situation – A special funding situation exists for the local employers of the Police and Fire Retirement System of New Jersey. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. The State special funding situation net pension liability amount of \$1,932,374,825 and \$1,838,050,687 as of June 30, 2019 and June 30, 2018, respectively, are the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. Since the local employers do not contribute under this legislation directly to the plan (except for employer required contribution amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local employers related to this legislation.

June 30, 2017	501,065.00	61,292.00

Actuarial Assumptions:

The collective total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018, which rolled forward to June 30, 2018. This actuarial valuation used the following assumptions:

Inflation:	
Police	2.75 Percent
Wages	3.00 Percent
Salaries Increase:	
Through all Future Years	3.25 – 15.25% (based on years of services)
Investment Rate of Return	7.00 Percent

Mortality Rates:

Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub=2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

Discount Rate:

The discount rate used to measure the total pension liability was 6.85% as of June 30, 2019. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019 based on the *Bond Buyer Go 20-Bond Municipal Bond Index* which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2076. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2076, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

The fund balances at December 31, 2019 which have been appropriated and included as anticipated revenue in the year ending December 31, 2020 are as follows:

Current Fund	\$ 275,000.00
Water-Sewer Utility Fund	\$ 189,000.00

**NOTE 10. POST EMPLOYMENT RETIREMENT BENEFITS**

The Borough does not provide post-retirement healthcare benefits for employees who retire.

*Special Funding Situation*

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation.

The State's Total OPEB Liability for special funding situation for last three years is as follows:

June 30, 2019	\$ 5,525,718,739
June 30, 2018	6,213,844,492
June 30, 2017	8,695,413,135

The amount of the State's proportionate share of the net OPEB liability for special funding situation attributable to employees and retirees of the Borough of Hightstown for last three years is as follows:

Property and Liability Insurance

The Borough, together with other governmental units, are members of the Statewide Municipal Joint Insurance Fund (the "Fund"). The Fund, which is organized and operated pursuant to the regulatory authority of the Departments of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles. In addition, the Fund has obtained cost effective reinsurance and excess liability coverages for participant local units.

For the year ended December 31, 2019, the Fund provided coverage for Property, Boiler and Machinery, Automobile Liability, General Liability, Workmen's Compensation, Public Employee Blanket Bond and public officials surety bond coverage. The coverage is subject to certain policy limits and deductible amounts. The coverage is designed to minimize the impact of any potential losses to the Borough for matters that may have been caused or related to the Borough or its employees.

Statewide Municipal Joint Insurance Fund

At December 31, 2019 the Fund reported for all years combined, total assets of \$49,105,184, liabilities and reserves of \$34,063,114, which includes loss reserves of \$33,660,024 and an unrestricted net position balance of \$15,042,070. This represents the latest available information from their Annual Independent Audit Report, which expressed a qualified opinion.

New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's trust fund for the current and prior two years:

**NOTE 12. CONTINGENT LIABILITIES**

A. Accrued Sick and Vacation Benefits

The Borough of Hightstown has contractual agreements with two unions, which allow employees, upon retirement, to be compensated for unused sick time. Employees who retire will receive a lump sum payment for unused sick time at the latest daily rate for every full day earned and unused in an amount not to exceed \$15,000, credited on their employment records and certified by the Borough on the effective date of their retirement, at the prevailing rate of pay at the time of retirement.

Other union employees, upon retirement and depending upon their respective agreement, will be compensated at the rate of one day for every full day earned and unused, at the current rate of pay at the time of retirement, but not to exceed \$15,000. A similar policy exists for non-union employees.

All vacation time earned by employees can be carried over subject to a five (5) day limit and is to be paid to the employee, upon termination with the Borough, at the current rate of pay. The Borough's estimated total liability for unused sick and unused vacation time at December 31, 2019 totaling \$195,107.61. Management believes this amount approximates the calculation as required by GASB #16; however, the actual potential liability could ultimately be lower than the reported amount.

The Borough has not earmarked funds for the ultimate payout of compensated absences upon retirement; however, provisions are made annually for actual retirement.

B. State and Federal Financial Assistance

The Borough receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2019, the Borough estimates that no material liabilities will result from such audits.

C. Major Tax Assessments

Taxpayers in 2019 with assessments in excess of 1% of the total assessed valuation were as follows:

<u>Owner</u>	<u>Assessed Value</u>	<u>Assessed Value</u>
Presbyterian Homes at Meadow Lake	\$ 11,200,000.00	2.86%
Hightstown Development Assoc. LLC	9,552,000.00	2.44%
Mercer St Warehouse/Bruckner Southern	5,640,000.00	1.44%

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 12. CONTINGENT LIABILITIES** (Continued)

D. Pending Litigation

There are actions, which have been instituted against the Borough which are either in the discovery stage or whose final outcome cannot be determined at the present time. In the opinion of the administration, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Borough.

It is the opinion of the Borough officials that there is no litigation threatened or pending that would materially affect the financial position of the Borough or adversely affect the Borough's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

The Borough officials believe that negligence and other types of liability suits, of which the Borough is aware, appear to be within the stated policy limits and would be deferred by the respective carriers.

**BOROUGH OF HIGHTSTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2019**

**NOTE 14. LENGTH OF SERVICE AWARD PLAN**

On December 17, 2001, the Division approved the Borough's Length of Service Award Plan, provided by Lincoln National Life Insurance Company. The purpose of this plan is to enhance the Borough's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

Lincoln National Life Insurance Company will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The plan shall provide for a fixed annual contribution of \$1,150 to each eligible volunteer who accumulates a minimum of 75 service points, based on criteria established by Borough Ordinance No. 99-20. The Borough's contribution for any given year is included in the next subsequent year's budget.

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participant volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

Applicable Year	Total	Per Member
2019	\$ 16,400.00	\$ 750.00 - \$ 1,150.00
2018	20,400.00	750.00 - 1,150.00
2017	26,850.00	400.00 - 1,150.00

A separate Accountant Review Report has prepared and submitted in conjunction with the audit.

**NOTE 15. SUBSEQUENT EVENT: COVID-19 CORONAVIRUS PANDEMIC**

The COVID-19 Coronavirus outbreak in the United States has caused the Governor of the State of New Jersey to mandate closures and a curfew for all nonessential citizens and businesses. The management of the Borough (which is essential) has evaluated the impact of the situation and has determined that there is no adverse impact on its December 31, 2019 financial statements (*audited*) and December 31, 2020 financial statements (*unaudited*). Financial impact in 2020 is uncertain at this time. A significant portion of the revenue to support Borough operations is tax levy and utility rents; however, certain other miscellaneous revenues may be impacted due to the economic effect of the closures and curfew. It is not known at this time if there are any federal or state funds available for impact relief.

Operating and Maintenance Cost	\$ 2,423,208.00
Debt Service per Water-Sewer Account	<u>539,117.86</u>
	<u>2,962,325.86</u>
Excess in Revenue	<u>\$ 30,292.34</u>

The foregoing debt information is in agreement with the Annual Debt Statement as filed by the Chief Financial Officer.

There being an excess in revenue for the Water-Sewer Utility, the fund was self liquidating and therefore, all the related debt as of December 31, 2019 is deductible for purposes of the annual debt statement and resultant net debt calculation. In addition for the year ended December 31, 2020 the Water-Sewer Utility Fund was also self-liquidating.

The Honorable Mayor and Members  
of the Borough Council  
Borough of Hightstown  
County of Mercer  
State of New Jersey

Report on Compliance for Each Major Federal Program

We have audited the Borough of Hightstown ("Borough"), compliance with the types of compliance requirements described in *the OMB Compliance Supplement* that could have a direct and material effect on each of Borough's major federal programs for the year ended December 31, 2019. The Borough's major federal programs are identified in the summary of auditor's results section of the accompanying schedules of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of *Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards, the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether on compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Borough's compliance.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE  
(CONTINUED)**

Opinion on Each Major Federal Program

In our opinion, the Borough complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

Report on Internal Control over Compliance

Management of the Borough is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Borough's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the basic financial statements consisting of the business-type activities of the Borough as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements. We issued our report thereon dated June 4, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Purpose of Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

**BOROUGH OF HIGHTSTOWN**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEAR ENDED DECEMBER 31, 2019**

**1. GENERAL**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Borough of Hightstown ("Borough") under programs of the federal for the year ended December 31, 2019. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Borough, it is not intended to and does not present the financial position, changes in net position or cash flows of the Borough.

**2. BASIS OF ACCOUNTING**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in (the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*) and New Jersey OMB Circular 15-08 *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The basic financial statements are presented on a GAAP basis.

**4. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS**

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal financial reports.

**5. FEDERAL LOANS OUTSTANDING**

The Borough had loans outstanding payable at December 31, 2019.

**AUDITOR'S COMMENTS AND RECOMMENDATIONS**

**GENERAL COMMENTS**  
**DECEMBER 31, 2019**

Contracts And Agreements Required To Be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate of \$40,000.00 due to the presence of a Qualified Purchasing Agent ("QPA"). The municipality appointed Debra Sopronyi as their QPA for the 2019 year. Accordingly, the Borough's 2019 bid threshold is \$40,000.00.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$40,000.00 within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Chemicals for Wastewater Treatment Plant Removal, Transportation, Delivery and Disposal of Sledge Cakes	Stockton Street Water Main Replacement Disposal of Girt & Screening
---	--

In addition, no items were purchased under State contract or cooperative purchasing agreements, was included in the expenditure testing for 2019 in excess of the bid threshold:

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal any individual payments contracts or agreements in excess of \$40,000.00 "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

The Borough has several interlocal service agreements for various municipal services most of which are beneficial to the taxpayers of the Borough.

Collection of Interest on Delinquent Taxes, Utility Charges and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and assessments on or before the date when they would become delinquent.

The governing body, on January 1, 2019, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

RESOLVED, that in accordance with N.J.S. 54:4-67, as amended in 1970, it is hereby authorized that the rate of interest for delinquent taxes and assessments be fixed at eight percent (8%) per annum up to \$1,500.00 and eighteen percent (18%) per annum over \$1,500.00 on all delinquent taxes and sewer assessments from the date same were due and payable, and on all delinquencies in excess of \$10,000.00, a penalty pursuant to the provisions of P.L. 1991, Chapter 75, is hereby fixed in the amount of six percent (6%) of such delinquency.

The Borough ordinance establishing the rules and regulations on the Sewer Utility provides, in part, that charges not paid on the due dates shall be subjected to a rate of interest of eight percent (8%) per annum, up to \$1,500.00 and eighteen percent (18%) per annum interest over \$1,500.00.

It appears, from an examination of the Collector's records, that interest on delinquent taxes and utility charges was collected in accordance with the foregoing resolution and ordinance.

Delinquent Taxes and Tax Title Liens

The detail of all unpaid taxes for 2019 and prior years and tax title liens is being properly carried in the Tax Collector's records. An abstract taken from these records as at December 31, 2019, covering all unpaid charges on that date, was verified with the accounting control figures shown in this report.

There was a tax sale held on October 11, 2019 and the sale was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit. The following comparison is made of the number of tax title liens receivable on December 31st of the last three (3) years.

<u>Year</u>	<u>Number of Liens</u>
2019	17
2018	17
2017	13

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

Water & Sewer Utility Operating Fund

The Water & Sewer Utility Operating Fund Consumer Accounts Receivable as reflected in this audit report was proven to the detail records.

Cash Balances

The cash balances in all funds were verified by independent certifications obtained from the depositories as at December 31, 2019.

Cash counts were made at various dates in all departments of the Borough and bank balances were independently reconciled to the books and records provided for audit.

The change and petty cash funds were counted.

Revenues

Receipts from licenses, fees, fines and costs, etc., for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

Expenditures

The vouchers for all funds were examined to the extent deemed necessary to determine that they carried the properly executed certifications as required by statute. Our examination of expenditures revealed for the most part, compliance with procedures and requirements has been adhered to except for several instances of invoices dated before purchase orders.

Payroll

An examination was made of the employees' compensation records for the year 2019 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Our examination of payroll did not cover verification of the validity and reasonableness of the allocation of salaries for individuals whose job encompasses activities that relate to more than one of the Borough's operating funds or Departments.

The allocation of salaries for individuals whose duties encompass more than one fund or appropriation is done at the sole discretion of the management of the Borough. It is proper and legal to allocate salaries amongst funds as long as the duties of the individuals relate to the costs charged to the fund or appropriation.

Miscellaneous Comments

The confirmation sent to the Local Board of Education verified that school taxes were paid during December 31, 2019.

The surety bonds covering the Chief Financial Officer/Tax Collector, the Chief Financial Officer and the Municipal Court employees were tested for adequacy of coverage and were determined to be sufficient.

**GENERAL COMMENTS (CONTINUED)**  
**DECEMBER 31, 2019**

Miscellaneous Comments (Continued)

Interfunds

The Balance Sheets of various funds reflect Interfund Receivable/Payable as of December 31, 2019. The interfunds will be liquidated subsequent to yearend.

Construction Code Official

Our examination of the Uniform Construction Code Annual Report revealed the revenues for 2019 in accordance with the report were \$94,739.00 and expenditures were \$222,228.00. The excess of expenditures over revenue needs to be reviewed for corrective action. The statutes require (allow) that the revenue of the department be sufficient to support the expenditures.

The separate report as required by the Local Finance Board Notice #17-15 for Uniform Construction Code Fee was filed in conjunction with the issuance of this audit.

Reserves

Reserves, unexpended appropriations and improvements authorizations in all funds (including the grant fund) which are aged or inactive should be reviewed on an ongoing basis for utilization, refund to the funding source or cancellation to the appropriate fund balance.

Technical Directives – State of New Jersey

The general ledger for 2019 was maintained in accordance with acceptable accounting control standards.

An encumbrance system for budgetary purposes was maintained during 2019.

A fixed assets detail was maintained in 2019.

Review of Procedures

It is suggested that for all financial processes that from time to time that a review, updating and documentation of all procedures be done in order to be in compliance with accounting and auditing requirements related to internal control. Cross training should be considered as part of the review. This review may be helpful in times of transition, in periods of long absences of management and clerical employees and in the ever-changing business technological environment. It should be noted that the Governing Body has the ultimate responsibility to ensure that procedures are in place.

Computerization

Internal controls require that this area be monitored to ensure no "hacking" occurs, lowering the risk of data theft and Borough bank accounts from being breached.

**GENERAL COMMENTS (CONTINUED)**  
**DECEMBER 31, 2019**

Other Matters

It is suggested that the various matters referred throughout this report which require definite action be referred to the officials directly concerned.

A formal exit conference, in accordance with governmental auditing standards generally accepted in the United States of America was held on the contents of this report.

Appreciation

I desire to express my appreciation for the cooperation received from the Borough Officials and Employees and the courtesies extended during the course of the audit.

**RECOMMENDATIONS**  
**DECEMBER 31, 2019**

None.

The problems noted in my audit were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call me.
