Water/Sewer Department

## POOL FILLING PERMIT

Any property owner having a swimming pool upon premises served by the Borough water supply may apply for a permit to fill the swimming pool with water. Thereafter, upon inspection and certification by the Water Department as to the amount of water used to fill the pool, and that it was filled *after* the granting of the permit, such amount of water shall be deducted from the calculation of sewer charges and rents on that property's next water-sewer bill. The fee is \$15.00 dollars for each permit. ***To be eligible for this credit, the property owner must not fill the pool until after it has been inspected by the Water Department.***

Swimming pools may be filled without a permit; however, the property owner would then not be eligible for the sewer credit.
